

Verifiable Research Infrastructure for Recursive Self-Improvement

Knowledge Inheritance

- Verified Results + Code
- Guides Next Generation

Research & Design

- Hypotheses Planning

Execute

- EDA toolchains
- Test / Verify

Curate & Learn

- Rit Checks
- Keep Valid Designs

Verify & Select

- Curate Traces
- Train Next Model

Improved Model / Strategy

Agent Research Artifact

- Formal Logic + Specs
- Exploration Graph

Rit Verification

- Re-Extract Results
- Verified Claims Only

Guided Exploration

- Epistemic Progress
- Structured Search
